Direct ES-OSL account operator costs (Kontoførergodtgjørelse) are charged customers as direct expenses.

Issuers covering costs for ES-OSL accounts will receive a 50% discount on minimum safekeeping fee

Fee schedule for ES-OSL accounts

Important general information:

Euronext Securities Oslo ("ES-OSL") accounts provided by Equro Issuer Services AS ("Equro") will have limitations compared to ES-OSL accounts provided by other ES-OSL account operators. If possible, the best solution is to open an account with your current bank/broker or an online brokerage firm. The best option for non-Norwegian investors is normally to hold ES-OSL registered securities through a nominee/custody arrangement.

Equro will exclusively provide ES-OSL accounts for investors holding securities in a company where Equro is the appointed ES-OSL registrar.

Important information about the fee schedule and invoicing:

The safekeeping fee is based on the total value of holdings per ES-OSL account and is charged in basis points from NOK 0 according to the below decreasing sliding scale model.

The below decreasing sliding scale list the annual fees in basis points. The safekeeping fee is calculated

23. Safekeeping fee minimum (ES-OSL account with value less than NOK 10 million)	Interval	Price NOK
Safekeeping fee minimum	Per year	1 360,00

Safekeeping decreasing sliding scale	Interval	Basis points per year
0 - 750 million NOK	Per year	1,20
750 million – 5 billion NOK	Per year	0,90
5 billion – 50 billion NOK	Per year	0,75
50 billion – 100 billion NOK	Per year	0,60
100 billion – 500 billion NOK	Per year	0,45
>500 billion NOK	Per year	0,30

Assistance per hour	Interval	Price NOK
Assistance per hour	Per hour	1 990,00

Example calculation of annual fee for account with total value of NOK 100 million:
NOK 12,000 (calculation NOK 100,000,000 value X 1,2 basis points per year)

Example calculation of annual fee for account with total value of NOK 1 billion:
 NOK 90,000 (calculation NOK 750,000,000 value X 1,2 basis points per year)
 +NOK 22,500 (calculation NOK 250,000,000 value X 0,9 basis points per year)
=NOK 112,500 (total cost of account with value of NOK 1 billion)
